

# Sponsoring the Marr Fund Team at Brigham and Women's Hospital

**E**stablished by the Marr family, the Josephine and John Marr Alzheimer's Research Fund at Brigham and Women's Hospital (BWH) fuels innovative research collaborations aimed at preventing Alzheimer's disease.

Named for John and his beloved wife Josephine, the fund is inspired by Josephine's courageous battle with Alzheimer's disease and the hope that new research will put an end to this devastating disease for future generations.

In nine years, the Marr Fund team has already made a great impact on furthering Alzheimer's prevention research, most notably raising over \$1.9MM through the Maine Marathon event itself and helping to be a catalyst for a separate \$25MM gift from visionary philanthropists Andrew and Kate Davis and the Shelby Cullom Davis Charitable Fund. We are beyond grateful for your support, now and in the future. Donations of any size are appreciated.
